

Greg Loeffelholz

Digital Product & AI Transformation Leader | GM / P&L | Enterprise Platforms
Greater Boston, MA | gloeff@gmail.com | 917-407-3833 | www.futureinsites.com/greg-loeffelholz

SUMMARY

Digital product, platform, and AI transformation leader with 20+ years building and operating technology-enabled businesses and four years operating production GenAI/LLM systems with direct P&L responsibility. Track record spanning digital product strategy, enterprise platforms, GM leadership, data and identity infrastructure, AI-enabled products, and large-scale commercial operations. Led production LLM, RAG, agentic and ML systems; drove a previously unprofitable business to sustained profitability; managed a \$35MM business and 50+ person organization; and operated platforms supporting \$100MM+ in monthly media spend.

EXPERIENCE

Handshake AI | Boston, MA

AI Research Fellow | Aug 2026 to Present

- Help improve frontier AI models by evaluating outputs, conducting research, and providing evidence-based feedback.

Spirantix AI | Boston, MA

Founder & Board Director, Part-Time | July 2026 to Present

- Developing Spirantix Concierge, an AI application for seniors that connects users with specialized assistants for memory, planning, family storytelling, content authenticity, and legacy preservation.
- Delivering in-person AI classes to senior living communities on generative AI, everyday use, prompting, privacy, scams, and misinformation.

FutureInSites | New York, NY

Principal | Feb 2026 to Present

- Developed enterprise AI strategy for a \$10B+ consumer brand, prioritizing 12 initiatives and designing governance, operating model, and investment roadmap with \$400MM-\$600MM projected revenue impact.
- Built a governed RAG and Microsoft Copilot knowledge assistant for a construction firm, with source citations, abstention, unanswered-question logging, team training, and scoped Procore, Buildr, and Sage 300 integrations.
- Built ROI-driven AI decision frameworks for use-case prioritization, architecture, governance, investment sequencing, and prototype workflows.

MotiveMetrics | Boston, MA

VP of Product and Marketing | Jan 2022 to Jan 2026

- Drove the Managed Services business to sustained profitability for the first time in company history as Acting GM from Apr 2023-Feb 2025, owning the business P&L and maintaining positive margins for 13 consecutive months.
- Owned product and platform strategy for an AI-driven enterprise platform supporting \$100MM+ in monthly customer spend, where ML/AI performance directly affected customer ROAS and company margin.
- Led production GenAI development spanning LLMs, RAG, vector embeddings, agentic workflows, and NLP intent modeling across MotiveMap.ai SaaS and AppX automation products.
- Set product direction for AI automation and human-in-the-loop workflows, balancing model capability, reliability, user experience, and commercial performance.
- Owned ML lifecycle governance, platform reliability, and enterprise SOC 2 compliance across production systems.

Inmar Intelligence | Boston, MA

Sr. Director of Audience and Media Platforms | Oct 2019 to Dec 2021

- Led retail media and commerce data platform integrating identity, promotions, and activation, defining product strategy and platform direction for ShopperSync, unifying retail media, programmatic activation, incentives, promotions, and transaction data into a single platform.

- Expanded audience creation and attribution by integrating digital couponing, promotions, and product feed data, enabling automated, commerce-driven audience generation.
- Scaled enterprise adoption by extending identity and measurement workflows across retailer and brand use cases, improving usability and platform coverage.

VP of Platform Management (ownerIQ, acquired by Inmar) | July 2014 to Oct 2019

- Led a programmatic data platform spanning identity, RTB infrastructure, ML-driven decisioning, and cross-channel attribution; owned data products and ML-driven systems powering real-time bidding, audience modeling, and cross-channel attribution at scale across 20+ ad exchanges, 10+ DMPs, and multiple DSPs.
- Directed architecture for real-time identity resolution and bid decisioning, balancing large-scale data processing with sub-60 millisecond RTB execution time.
- Launched and scaled identity graph of 200MM+ US consumers and cross-device initiatives supporting path-to-purchase reporting, offline-online attribution, and targeting at scale.
- Built and scaled systems reducing fraud rates over 70% while raising platform viewability and compliance, and led development of advanced pacing algorithms incorporating channel, media type, and KPI constraints into real-time bidding automation.

Transcend Media | Boston, MA

VP of Marketing and Business Development | July 2012 to June 2014

- Helped launch Boston performance marketing agency with executive leadership across operations, marketing, and business development; contributed to Inc. 5000 recognition at #255 in 2013.

Nelnet | Paramus, NJ

Managing Director of Marketing Services | Dec 2009 to June 2012

- GM with full P&L responsibility for a \$35MM annual revenue business and leadership of a 50+ person organization delivering omni-channel performance marketing solutions to higher education clients.
- Built and developed product and analytics teams from the ground up, mentoring team members who advanced into senior roles across product, marketing, and leadership positions.

Innovation Ads | New York, NY

VP of Strategy and Business Development | Dec 2005 to Dec 2009

- Led platform growth and monetization strategy across performance marketing channels, contributing to the company's sale to Seaport Capital for \$36.5MM.
- Drove expansion of proprietary ad serving and media execution capabilities, improving yield, partner integrations, and campaign performance at scale.

Founder and CEO of Free Scholarship Guide (acquired by Innovation Ads) | July 2004 to Dec 2005

- Founded and scaled a profitable online business to \$4MM in annual revenue at 10% EBITDA, built on proprietary ad serving and lead generation systems.
- Designed and optimized monetization platform across media buying, lead generation, and ad serving, improving revenue per user and campaign efficiency.

EARLIER CAREER

Keypath Education - Director of Online Operations | New York, NY | 2003-2004 - Led technology operations, partner integrations, and media buying during the transition from offline to digital acquisition.

Virtumundo - Manager of Media Buying | Kansas City, MO | 2001-2003 - Led large scale digital marketing campaigns nationally recognized for rich media innovation.

CNET Networks – Account Coordinator | San Francisco, CA | 2000-2001 – Managed digital ad campaigns for enterprise clients.

EDUCATION

Boston College, Carroll School of Management | MBA, AI & Machine Learning | Expected Dec 2026

Vanderbilt University | B.A., International Studies | May 2000
